NACGC/W
GYMNASTICS COACHES / WOMEN**

Dear Club Coaches,

In our efforts to grow Women's Gymnastics at the Collegiate level, the National Association of Collegiate Gymnastics Coaches for Women (NACGC/W) has created the Collegiate Gymnastics Growth Initiative (CCGI).

WHAT IS THE CCGI?

The Collegiate Gymnastics Growth Initiative (CGGI), was formed to promote awareness in the pursuit and addition of new women's collegiate gymnastics programs across the country, thus providing more opportunities for college bound gymnasts. We would like to extend an invitation to gymnastics clubs nationwide to support and assist our Initiative's needs through donations.

As interest in collegiate gymnastics continues to grow, funds are necessary to cover production materials, administrative costs and travel for representatives of CGGI, as they provide promotional and informative presentations to conference and athletic administrators nationwide. Every dollar of contributions made will be used to help defray these expenses.

HOW DO I DONATE?

Our suggested method of donation, is to place an additional \$1 fee on registrations for any and all invitational competitions you host during the year. You are invited to place this reminder on each of your registration forms: "A portion of your registration will be donated to the future and growth of women's college gymnastics through the Collegiate Gymnastics Growth Initiative." Mike Hunger, Owner and Head Coach of Twin City Twisters has graciously donated to the fund over the past 3 years.

"Giving to the Collegiate Gymnastics Growth Initiative is a painless way to give a little bit back to an organization that means so much to our athletes and our business. We just add on an extra dollar to our entry fees and give it all to the fund. Literally costs us zero, takes very little time, and helps us send a bit to a great cause. Think of how much motivation our athletes get by striving to be a collegiate level gymnast. The more programs the fund helps save or new programs it helps to start, the more opportunities for our kids!"
